Login Screen

Figure 1

Upload Screen shows uploading of multiple pictures to which the user can later add sound files. Note the first two matching sound (WAV) and picture (JPG) files. These are automatically matched to add the uploaded sound to the uploaded picture.
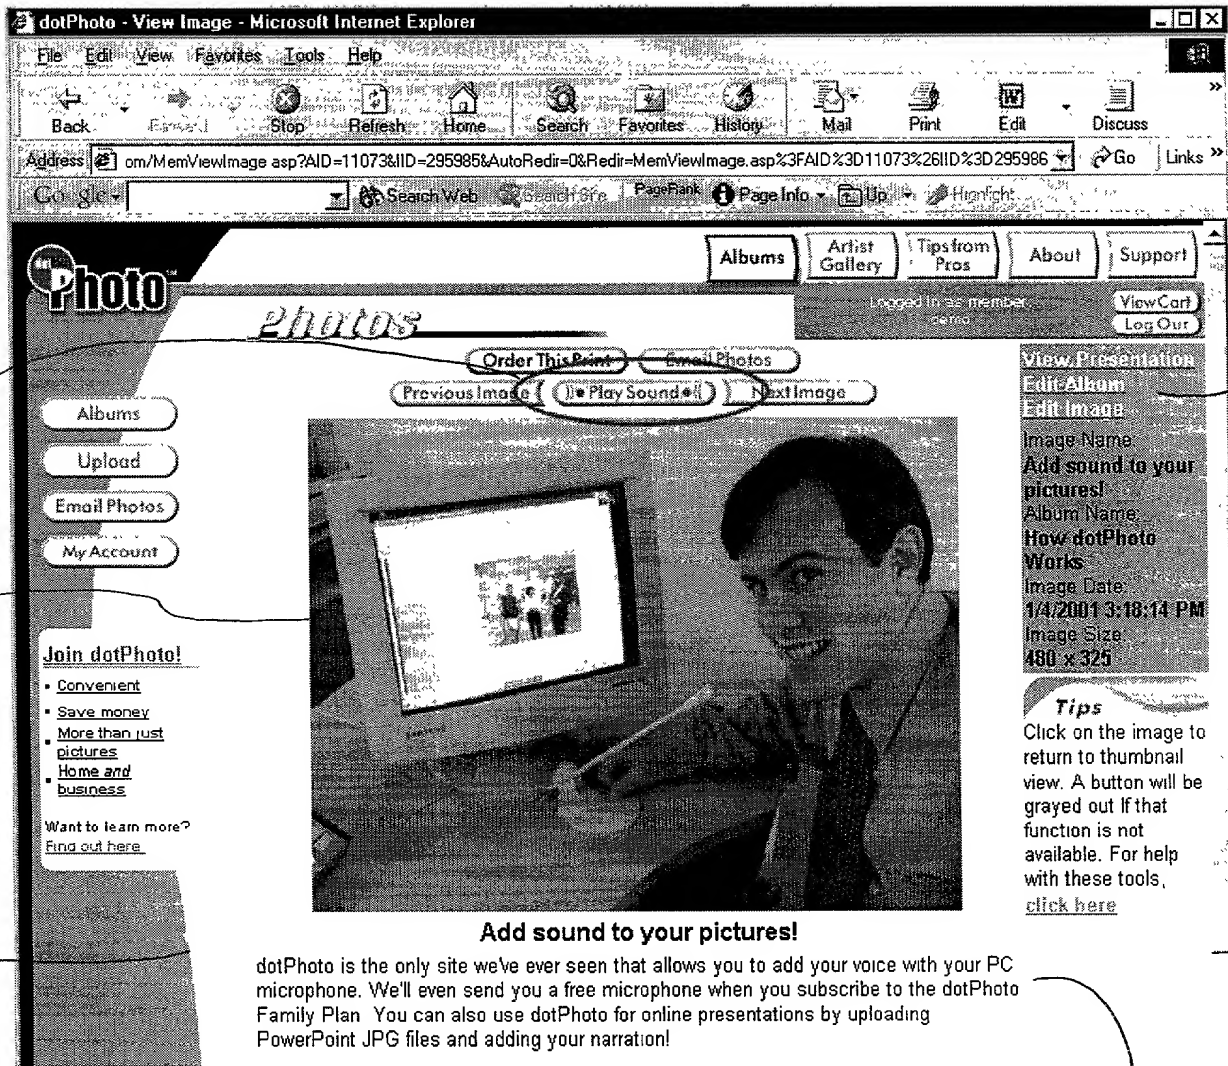

Figure 2

Upload individual pictures and sounds. Note options at top of screen to upload photos by e-mail and to install the software required for Figure 2.

Add sound to your pictures!

dotPhoto is the only site we've ever seen that allows you to add your voice with your PC microphone. We'll even send you a free microphone when you subscribe to the dotPhoto Family Plan You can also use dotPhoto for online presentations by uploading PowerPoint JPG files and adding your narration!

18

Internet Image showing text below and sound button (highlighted in a red ellipse)

Figure 5

Edit screen enables user to play sound, record sound, rotate picture, and edit and save captions and descriptions
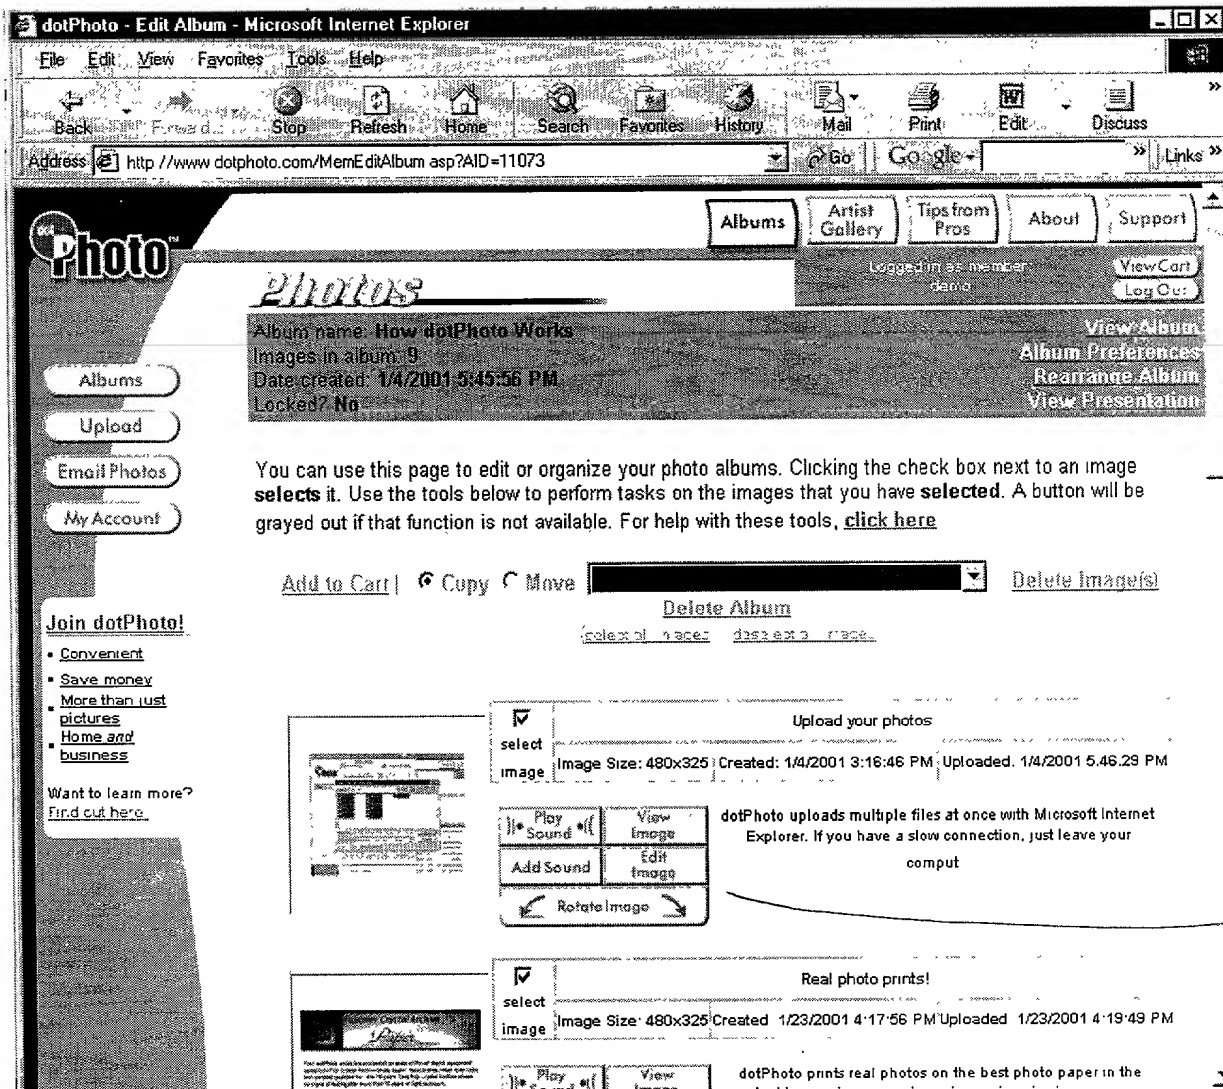

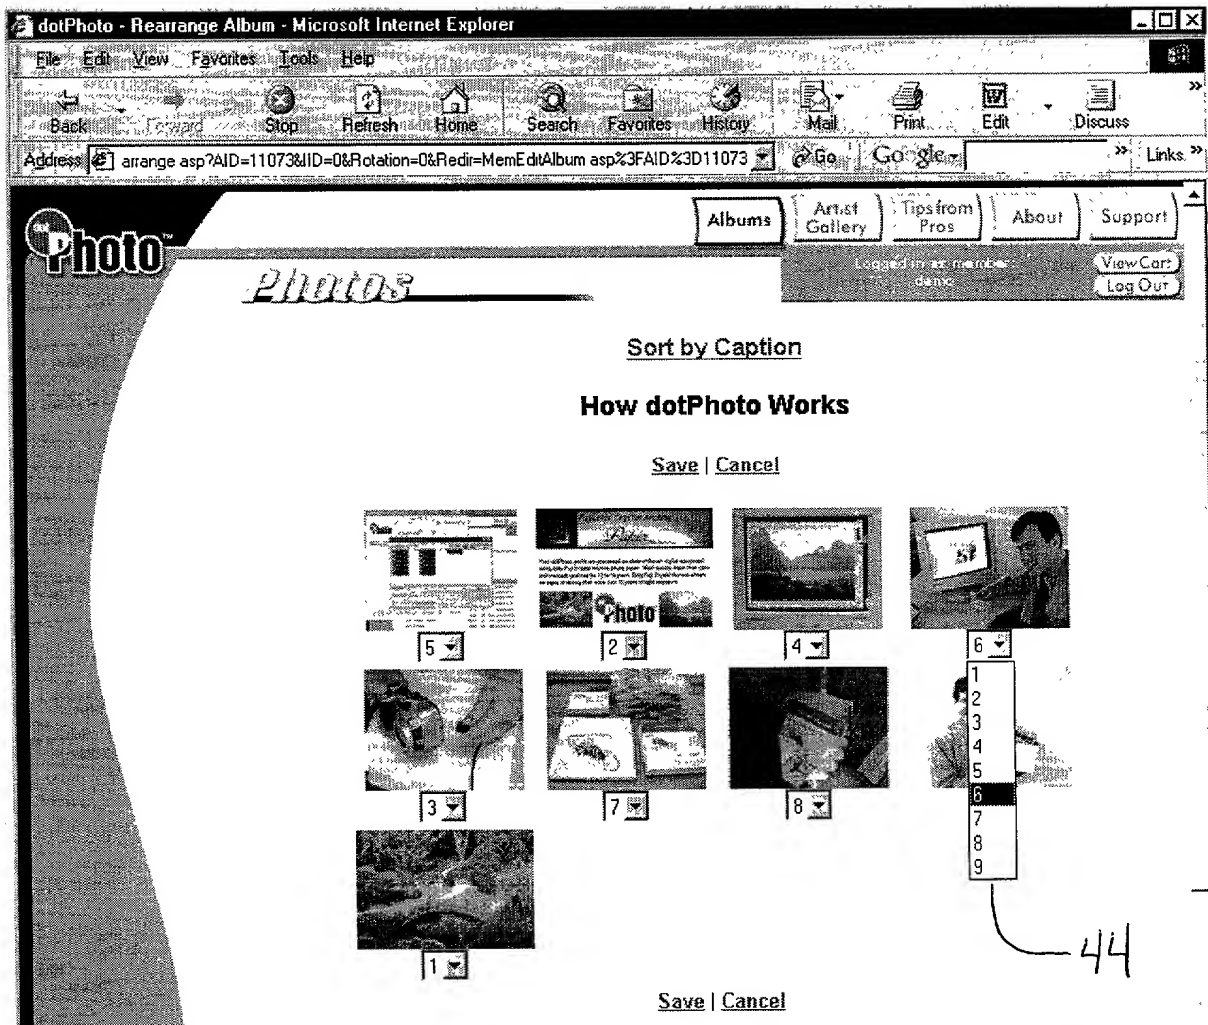

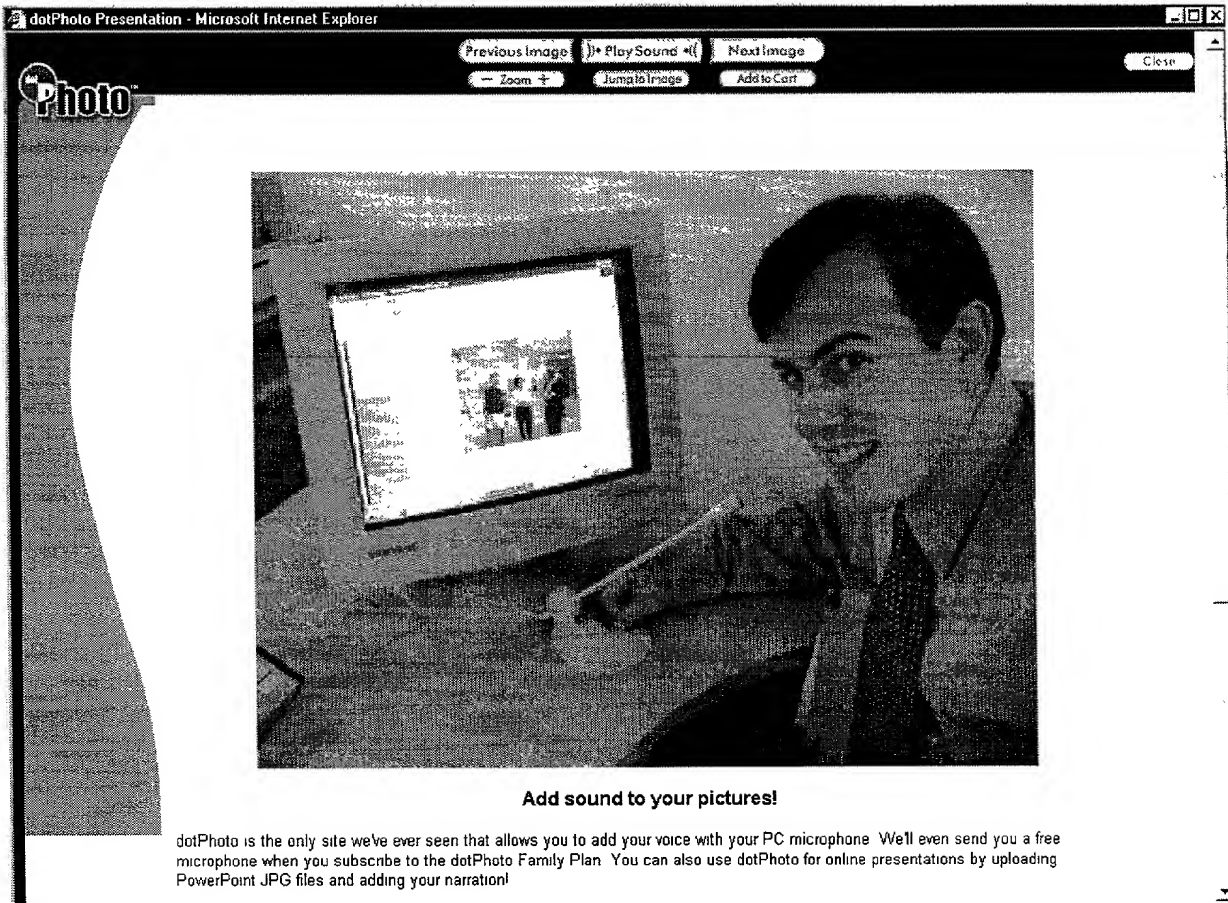

Figure 6

Bulk edit screen enables user to edit more than one picture at a time, to copy and move pictures to other albums or presentations, and to work on a group of pictures without opening each one for editing.

Figure 7

Re-arrange screen enables user to establish the order of pictures in a presentation

Figure 8

Add sound to your pictures!

dotPhoto is the only site we've ever seen that allows you to add your voice with your PC microphone. We'll even send you a free microphone when you subscribe to the dotPhoto Family Plan. You can also use dotPhoto for online presentations by uploading PowerPoint JPG files and adding your narration!

Presentation view opens a new window and displays the presentation without additional buttons. User clicks on buttons at top of screen to move between pictures and to play sound.

Figure 9

Email presentation screen shows how users can invite guests directly into a presentation by sending a coded e-mail from the site.

Figure 10
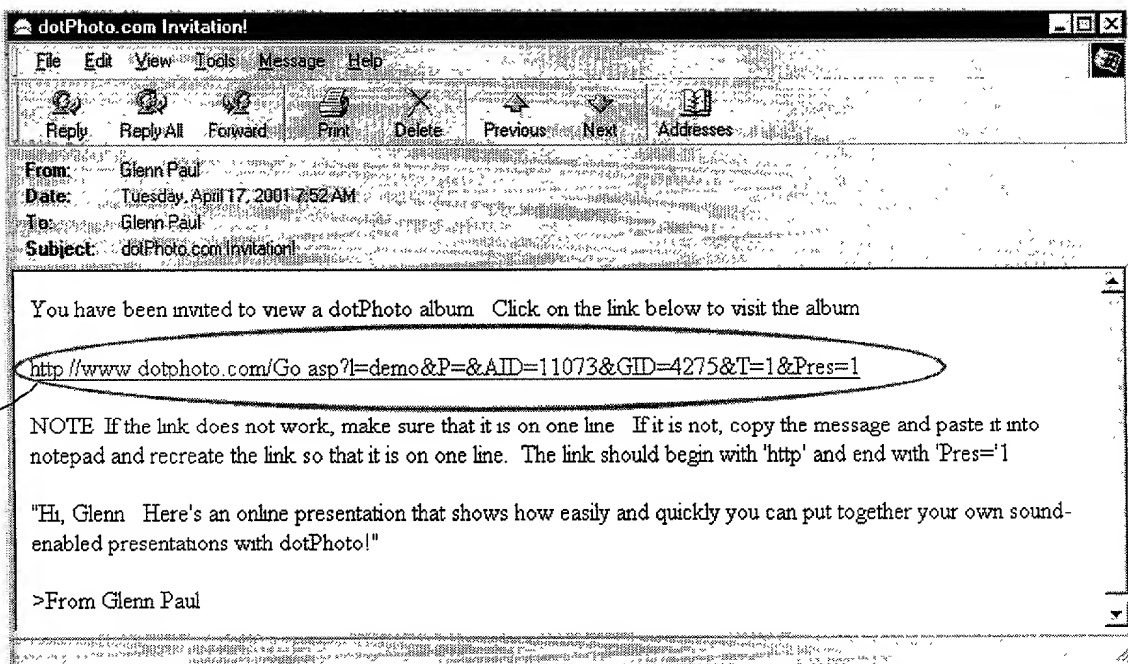

E-mail from dotPhoto to end user displaying coded link (highlighted in red ellipse) directly into online presentation.

Figure 11
